

# Certificate of Registration

PricewaterhouseCoopers LLP has assessed whether the management system at

## Fluid Hose & Coupling Inc.

6150 Dixie Road, Unit #1 & 2, Mississauga, ON L5T 2E2

is suitably designed to provide limited assurance that the requirements of the standard noted below (the Requirements) have been met, as of January 17, 2020.

### ISO 9001:2015 Quality Management System Standard

Management is responsible for ensuring the management system meets the Requirements. Our responsibility is limited to expressing an opinion as to whether the Requirements were met, based on our assessment. The ISO standard can be found at [www.iso.org](http://www.iso.org).

#### SCOPE OF CERTIFICATION:

**Distribution of industrial and hydraulic hoses, imperial and metric fittings and associated products for industrial markets; manufacture and supply of rubber, steel and plastic hose assemblies and associated parts for OEM, industrial, and fuel handling market.**

Our assessment was conducted in accordance with the ISO 17021 management system auditing standard and, accordingly, included examining, on a sample basis, evidence supporting management's assertion that the Requirements were met and performing such other procedures as we considered necessary in the circumstances. We planned and performed our work in order to obtain limited, rather than absolute, assurance with respect to the information examined. We believe our work provides a reasonable basis for our opinion.

In our opinion, the management system was suitably designed to provide limited assurance that the Requirements were met, in all material respects, as of January 17, 2020.
